Work Experience

IT Trainner

07/2022 to Present

Zeroerror Technologies Pvt. Ltd.
Kupwara, J&K

As an IT Trainer, I taught various programming languages to students of different skill levels and backgrounds. I designed and delivered engaging curriculum, provided individualized instruction and feedback, and guided students through projects to develop problem-solving skills and a deep understanding of programming principles. My experience has honed my communication, interpersonal, and adaptability skills, and has been incredibly rewarding as I helped students succed in the tech Industry

Java Developer

05/2021 to Present

Clust Tech Innovations
Srinagar

As a Java Developer, I was responsible for assisting in the development and maintenance of Java-based applications. I worked alongside senior developers to design and implement software solutions using Java, Spring Framework and other technologies.

- I contributed to the development of Java-based applications and gained hands-on experience with Spring Framework and MySQL databased. I contributed to code reviews and collaborated with senior developers to ensure code quality and best practices. I also developed unit tests and troubleshooted technical issues, expanding my problem-solving skills. Additionally, I gained exposure to Agile and Scrum methodologies. improving my communication and collaboration skills.
